## PROFESSIONAL SUMMARY

I earned my Bachelor's degree in Software Engineering from Adama Science and Technology University, where I developed a strong foundation in software development, object-oriented programming, and system design. My academic journey included hands-on experience with front-end technologies such as HTML, CSS, JavaScript, React, and UI/UX principles, along with backend exposure to Node.js and MySQL. I completed major projects including a Social Media Management Tool and a Human Resource Management System, which allowed me to apply both front-end and back-end development skills. I graduated with CGPA 2.83 and Major GPA of 3.16 and am passionate about building responsive, user-friendly web applications while continuously expanding my expertise in modern front-end development practices.

## WORK EXPERIENCE

FrontEnd Developer

INSA

Jun 2023 - Sep 2024

FrontEnd Developer

NGT Technology

Jun 2024 - Sep 2025

Web Development

The day Digital

Nov 2024 - Mar 2025

## EDUCATION
